For 32 years, the Flickers Art Collaborative has produced and organized film screenings and exhibitions throughout the state of Rhode Island. In 1996, it created the Rhode Island International Film Festival, which is now the largest film festival in New England. It presents the Providence Jewish Film Festival, the Providence Gay & Lesbian Film Festival, the Providence Underground Film Festival, the KidsEye™ Filmmaking Camp, among many other events. It has also created Flickers' CinemaRI™ – a membership organization for those who love film.

Flickers' CinemaRI™ is a non-profit organization devoted solely and steadfastly to the Film Arts. It is made up of local film fans, industry members and your next-door neighbors. RIFF CinemaRI receives limited corporate and government support, and thus, we rely upon private membership support to sustain and grow our year-round efforts to educate and outreach to filmmakers and film lovers.
